Limited Warranty

Marazzi USA warrants that its first choice ceramic tile is manufactured according to ANSI A137.1-1988 and meets or exceeds these requirements. If a tile is proven to contain a manufacturing defect, Marazzi USA will supply, free of charge, material of compatible color and shade as determined by Marazzi USA. **Labor charges are expressly excluded from this warranty.**

Marazzi USA makes no warranty as to the suitability of its tile for a particular installation. Marazzi USA does not warrant that its glazed ceramic or porcelain tile will not scratch, chip or show signs of wear.

Marazzi USA or the Marazzi USA Distributor must be notified of any claims or defects as soon as reasonably possible, but in any case, **not later than one year** after the goods have been delivered by Marazzi USA. This notification must be in writing or sent by certified mail. Claims concerning shade, appearance, caliber, finish or obvious defects in first choice production must be communicated before the tile is installed. **No claims will be accepted for tile already installed or for defects in other than first choice material.**

Marazzi USA specifically excludes liability for consequential or incidental damages, except where exclusion of consequential damage is not permitted by state law.

This limited warranty shall constitute the full extent of Marazzi USA's liability and is in place of all other warranties, express or implied, including the implied warranty of merchantability and the implied warranty of fitness for a particular purpose.

This warranty and the exclusion of implied warranties of merchantability and fitness for a particular purpose do not affect the special warranty provided by the Marazzi Group on Marazzi Enduro® products.

In addition to the items in our catalog, we offer an extensive non-stocking and special order program. We also stock a complete line of tools. Please contact your local Marazzi Tile & Stone Sales Service Center or your Sales Representative for details.
